A DISGUSTING CASE.

MARRIAGE OF A NEGRO TO A PRETTY WHITE WOMAN.

A strange couple came up from Erie, on the Lake Shore Road, Saturday evening—exciting the disgust and curiosity of every passenger in the car. It comprised a sooty, greasy negro, and a pretty white girl, whom he had married the day before at Erie. The girl evidently felt a great deal of shame at her situation, for she kept herself doubly veiled, and looked out of the car all the time. Her "Othello," however, was all passionate tenderness and attention. We have learned the antecedents of the pair, which we lay before our readers: On Thursday, a tall, gesant, very black negro, about forty years of age, registered at the Morton House, Erie, as "William Lindsey and wife, Ohio." He requested the landlord to give him the best room in the house, as his wife would arrive on the next train, and join him. His "wife" not putting in an appearance by the next morning, he went to Oberlin after her. It happened that the girl—Carrie Brown by name—however, was *en route* for Erie, to join her lover (ugh!,) and the train that he was on passed hers. Arriving at Erie, and learning the state of affairs, Carrie remained in the depot till evening, when Lindsey returned from Oberlin. They went to the Hotel and asked to be showed to his room. The landlord asked the negro if the lady with him was his wife. Andrews answered in the affirmative. The landlord then interrogated the lady, who was a beautiful young Irish girl. She said they *were not yet married*, but that they had come for the purpose of being married. The two were then told that they must produce a certificate of marriage before they could occupy a room together, whereupon they called upon the Rev. Mr. Nutting, of Erie, and were married. The girl came from Boston, Mass.; said that she had been living in the family of Prof. Allen, of Oberlin, and attending school; that she there met this man, her present husband, Wm. Dr. Lancy, *alias* Wm. Lindsey. He says he is a Wesleyan Methodist preacher. Prof. Allen knew of her leaving to marry the negro, and was in favor of her marriage. They left Erie on Saturday morning for Oberlin. The bride is a very pretty girl, and was well dressed. She says her parents live in Boston. She has been in Oberlin since October last. The girl is about 18 or 19 years of age. Lancey wore a tall stove-pipe hat, and carried a cotton umbrella in his hand. We would like to comment upon this case, but it is too disgusting; we cannot trust our feelings.—*Cleveland Plaindealer.*

BATS AND OWLS.

Now that the Boutwells, the Sumners, and other New England luminaries are resolved on taking from the States the right to regulate the suffrage therein, in order the surer to force negro equality upon the country, it is a duty to re-invite public attention to the great Constitutional Amendment of the future—namely, the great apportionment of United States Senators according to population—just as members of the House of Representatives are now chosen.

That Amendment is sure to come; and when it does come, these six New England States—eternally "amending the Constitution" to suit only their notions, their whims, and their idiosyncracies, regardless alike of the feelings and interests of other sections—will be reduced to their proper level in the body politic. With a population not greater than that of the State of New York, it will then no longer have six times the power in the more important branch of the National Legislature. Its twelve Senators, indeed, may remain in their seats, but the Empire State will have, at least, an equal number, with like "equal rights" extended to all the other great States.

The framers of this government intended that the Senate should be so constituted as to represent States, and to preserve State rights; but these New England revolutionists, having erased State lines, and substantially taken from the States about all the distinctive rights they ever had, worth having, there is no longer any obligation to submit to the inequality which the system has imposed upon us. The substance being gone, why endure the shadow? There being no longer any State rights to represent, in future, why not let the Senate represent the People? A Constitutional Amendment to that effect may be some years in coming, but come at last it certainly will, and these New England gentlemen will only have themselves to thank for it.

With all their pretensions and pretended wisdom, it is strange that these Boutwells and Sumners do not see that this must be the inevitable drift of things, and that when the drifting has reached its sure conclusion, the political dictatorship of their section, at present so arrogant and despotic, will be left high and dry,—in truth, a thing of the past. Statesmen could see what is ahead,—but New England, as well as the country, just now, is governed by Bats and Owls,—not by statesmen.—*N. Y. Express.*

THE PUBLIC DEBT.—The Washington correspondent of the New York *Journal of Commerce*, says:

It is said that those in charge of making monthly returns of the public debt at the Treasury Department are at a loss to decide the proper method of doing it. The Secretary, the same authority affirms, contends that the present form of presenting it gives a fair showing of the national indebtedness, while some of his subordinates, disagreeing, believe it to be a partial exhibit. They, by way of illustration, say the bonds issued to Pacific railroads are not expenditures, but they are loans, and should not be added to the debt until it is ascertained that the government will be a loser by the failure of the companies to meet their obligations. Under the present system of returns the bonds issued as loans to railroads are classed as expenditures. Then it is argued that the returns do not exhibit the whole of our indebtedness, as the interest on the debt is not added thereto. At six per cent. per annum the government owes about $10,000,000 per month on its outstanding bonds, which fall due in January, March, May, July, September, and November. They give as a reason for not adding the interest, that the statement is made from the book of the Treasury, which do not show accrued interest till it is paid, and is not till then added to the public debt.

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK.....President.
ABRAM D. POLHEMUS.....Vice President.
WILLIAM M. COLE.....Secretary.
D. P. FACKLER.....Consulting Actuary
DANIEL AYRES, M. D. LL. D.....Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

H. W. STJOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am't insured, nearly	$45,000,000
Policies Average, "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies,

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the rates published herewith, will participate in the surplus from the date of issue,

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid to cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of the range—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the low PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest lace to the ted-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.

DESPOTISM AND INIQUITY OF RECONSTRUCTION.

The petitions now being presented to Congress declare "they see the finger of God in Reconstruction." We see nothing but vile oppression and the club foot of the devil.

It is one of the gifts of the devil that he is often able so to delude his followers as to make them think they see the finger of God in his most iniquitous acts. Holden, "our beloved Governor," twice repudiated by the white people of the State for Governor, can see the "finger of God" in Reconstruction because it let in 80,000 negroes by which he is made Governor.

When the iniquitous and diabolical acts complained of in Governor Worth's letter were being enacted, when men, women and children were being murdered by lazy and vicious blacks, "our beloved Governor" was calling for vengeance on the men to whom he had for twenty years taught secession, declaring that freedmen and Northern men were not safe in the South. That our people should have sat silent under these oppressions and wrongs, will be to future ages a matter of profound astonishment.

That the "model Republic" should so have oppressed and outraged its own citizens, will, when the frenzy of Reconstruction wears off, astonish the North as much as the South.

OFFICERS.

Extract from Gov. Worth's letter to President Johnson, dated Dec. 31, 1867:

Removal of the Sheriff and seventeen Justices of the Peace of Jones County.

Special Orders No. 63. September 23, 1867, are expressed as follows: "The following removals are made from the offices of Sheriff and Magistrates of Jones County, North Carolina.

Sheriff, Thomas Wilcox; Magistrates, J. R Kinsey and sixteen others named.

Then follows "the following appointments are made to the offices of Sheriff and Magistrates for Jones County.

Sheriff, O. R. Colgrove, vice Thomas Wilcox. Magistrates, A. M. Haskill and fifteen others of whom I know nothing.—The order winds up as follows: "The bonds required by law, will be executed in due form and filed with the proper officer. The commanding officer, post of Newbern N. C., is charged with the execution of this order. By Com'd of Brev't Maj. Gen. CANBY.

LEWIS V. CAZIARC,
Aid de Camp.
A. A. A. G."

By law, the Justices of our County Courts are required to receive and approve and admit, to Probate and order to registration, the official bonds offered by Sheriffs.

O. R. Colgrove, the new appointee, as I am credibly informed, came to this State during the war as a Captain or Lieutenant of a New York Company of cavalry, and in the latter part of 1865 or first of 1866, settled in the county of Jones, on a tract of land which he purchased on a credit, the vendor retaining the title, or taking a lien to secure the payment of the purchase money, which has not been paid.

The Court met to receive the bond. The parties purporting to have signed it, as sureties, were D. D. Colgrove, who settled in Jones county some months later than his brother, the said O. R Colgrove, neither of them having any visible unencumbered property. J. A. Haskill, another Northern man, who came to Jones about the same time the Colgroves did, contracted for the purchase of a cotton farm at some $60 000, the seller holding the title, or a lien on the land, to secure the payment of the purchase money, little, if any of which, has been paid; and Ethelbuh Hubbs, a merchant of Newbern. As to when he settled in the State or what is his responsibility, I am not informed; but no proof was made to the Court that those purporting to be the obligors, had signed the bond. The Court refused to accept it. The next day, or very soon thereafter, the military officer, sent, as I understand, by the Post Commander at Newbern, (nothing further having been done as to the bond save putting a revenue stamp on it and leaving it in possession of the Clerk, it being neither proved or registered,) ordered the Clerk to administer to Colgrove the oaths of office. The tax lists of 1866 and 1867, previous, were taken by military order from the old Sheriff and delivered to the new appointee. The old Sheriff had paid the State taxes due on these lists to the Public Treasurer, and, hence, the balances due on them were due to him personally. On the lists thus surrendered, the old Sheriff informs me the balances due amounted to about $5,000.

I wrote Gen. Canby soon afterwards touching this matter, stating the material facts above set forth, and remonstrating against the wrong of taking from the old sheriff the tax lists, all the balances being due to the old Sheriff. I have received no answer, and learn from the Chairman of the County Court, that he has heard of no action, by Gen. Canby, since the refusal of the Court to accept the bond offered by Colgrove, who has been acting as Sheriff of the county for the past six weeks or more, at the best season of the year for the collection of the taxes.

OH, THE RECORDS!—OH, CONSISTENCY!—OH, GOV. HOLDEN!

We have in our possession a subscription list, which was circulated in our City, at the breaking out of the war, to raise funds to arm and equip a volunteer company for active, immediate service. Among those who signed it, we find the name of W. W. Holden, for one hundred dollars. The old document can be seen by application at our office. It reads thus:

"We, the citizens of Raleigh, pledge ourselves, upon the formation of a volunteer company, formed for immediate, active service, to assist in arming and equipping the same."

The sum of $8,700 was subscribed, the company was raised, armed and equipped, and W. W. Holden is down for $100 of that amount.

But, "let us have peace."

THE sum of four thousand two hundred dollars have, thus far, been subscribed, in the city of Wilmington, for the purchase of a steam fire engine.

SENATOR SWEET AND THE SENATE

Elsewhere, we give the remarks of Senator Sweet, in reply to a resolution proposed by Galloway, colored, to expel him from the Senate. This speech is short, pungent and defiant, and has had the effect of silencing the Radicals in their abuse of Mr. S That Mr. S has proved an over-match for the spoilsmen, with Galloway in the lead, is a fact pat out, and conceded, and we may not expect to hear another syllable of the failure of Mr. Sweet to substantiate the charg that "dollars and cents have been paid to members of the Legislature to get measures through that body." The whole thing will be hushed up, nor will the wounded parts be torn open, unless it is done by Mr. Sweet or some member of the Conservative party. The Committee has been discharged, and private conversations, if held at all, are conducted in a whisper.—What a calm, after a storm! What a gathering there will be, of the frightened! and the exchange of congratulations, on their hair-breadth escape, will be amusing. But, the grand jury yet to try these "public servants"—we mean the people—will not ask that "the Committee be discharged," until they shall have ferreted out the guilty party; and their verdict will be quite different from the legislative verdict. Before them, there is no means of escape—no fleeing from justice—no "hush money" will silence the public inquiry—exposure, alone, will satisfy the public mind, and the independent voter.

If Senator Sweet is a Republican—he is a fearless representative, and an honest man. If we dislike his political views, we admire his manliness, and his indomitable energy as displayed against the odds and ends of the Senate; and we rise above party, and come forward to award the praise so eminently due him.

We buy no man with fulsome adjulation—we seek to make no converts to the true path and policy of the Conservative party, by any means other than sound argument.—We know where Senator Sweet stands—we have no doubt of his sincerity, and attribute his position to the force of education.—Nor do we expect a radical change in Republicans, until they shall have lived among us long enough to see the fallacy of their own theory of government, when applied to the South—and then, we do expect to see all honest Republicans, as we think Mr. S. to be, changing fronts and acting with the white man's party of the South.

The guarantee by Congress of equal suffrage to all loyal men at the South was demanded by *every* consideration of public safety, of gratitude, and of justice, and must be maintained; while *the question of suffrage is all the loyal States properly belongs to the people of those States.*—*Cin. Rev. Chronicle.* (Republican.)

Equal suffrage—better known as negro suffrage—"was demanded" by W. W. Holden, after his declaration on the 4th day of July, three months after the war, that he, and the true unionists, were opposed to enfranchising the negro. It became apparent to the liberal giver of $100 to raise and equip a volunteer company in 1861, to fight for the perpetuation of slavery, that "every consideration" with him, was the vote of the black man, and suddenly, he demanded universal suffrage, as an act of "public safety, of gratitude and of justice—necessary to his elevation to the Gubernatorial Chair. The negro shriekers North, may yell and blubber discontent; but the masses will never endorse *free* suffrage, although it may be good enough for the South. This is "equality of the States," with a vengeance.

SUPREME COURT OPINIONS.

The following opinions have been delivered:—

By Pearson, C. J., in Donnell ex. Cooke, from Guilford, bill dismissed with costs.—In Rose ex. Rose, from Warren, judgment affirmed.

By Reade, J., in Love ex. Cobb, from Cleaveland, bill dismissed without costs.—In State ex. Baker, Thomas and Johnson, from Halifax, no error.

By Rodman, J., in Wilson ex. Franklin and Burleson, from Mitchell, no error; judgment affirmed. In Kincaid ex. Perkins from Burke, no error; judgment affirmed.

By Settle, J., in State ex. Virgil Kirkman, from Surry, no error. In State *ex. rel.* Cummings ex. Mebane, from Guilford, error; report should be reformed.

By Dick, J., in Smith and Roberts ex. Moore, from Davidson, judgment reversed and *venire de novo*. In State *ex. rel.* Lusk ex. Falls, from Gaston, judgment reversed and *venire de novo*.

ENGLAND TAKING A PEEP AT THE SITUATION.—The *Court Journal*, of London, is a little anxious about movements towards Cuba, and suggests that England and France had better make a move for preventing filibustering in the West Indies.—The *Journal* thus speaks of the 'consequences of the acquisition of Cuba by the United States: "England and France would be seriously injured, and the total loss of their colonies in the West Indies would be only a mere question of time." It argues that by our acquiring Cuba the "loss to England will be greater than to France, in consequence of the prospect that the shortest maritime way to the East Indies will ere long be by the opening of the channel through the Isthmus of Darien; and in case of a war with the United States, this route could easily be barred by them, if in possession of the prominent colonies in the West Indies, and thus masters of the sea there."

NOMINATIONS BY THE PRESIDENT.—The President on Friday sent the following nominations to the Senate:

To be paymasters in the army—David Taylor, vice Pomeroy, deceased; Frank Bridgman, vice Leslie, deceased.

Henry S. Watts, of Pennsylvania, to be Secretary of the Legation of the United States at Vienna.

James Harris, of Rhode Island, to be Marshal of the Consular Court of the United States at Kanagawa, Japan.

A SAVAGE BITE.—In a scrimmage between the foreman of a gang of white stevedores on the wharf and one of his workmen yesterday morning, the former savagely bit the latter in the cheek, tearing out a whole piece with his teeth, flesh, whiskers and all, leaving the jaw bone exposed.—*Wilmington Journal.*

Leave of absence was granted to Mr. Pearson for a short time.

Mr. Morrill, from the Committee on Corporations, reported favorably upon the bill in relation to weighing rosin at the port of Wilmington. Referred.

Messrs. Justice, of Rutherford, and Gilbert, of McDowell, presented petitions from the citizens of their respective counties in reference to the laying off of a new county. The petitions were referred to the appropriate Committee.

Mr. Pou moved to suspend the rules in order that he might move a reconsideration of the vote of yesterday by which the bill in relation to the practice of law passed its third reading.

Mr. Malone took the floor and made an elaborate argument against the bill. Pending the debate upon this matter the special order was announced, to wit:

A bill in favor of Mark M. Williams, of Wake county.

On motion of J. H. Harris, of Wake, colored, the further consideration of the bill was postponed until next Saturday, 11 o'clock.

Pending the further consideration of the bill, the hour for the special order arrived, to wit:

On motion of Mr. Estes, the special order was post poned, and the Revenue bill was taken up and discussed for the remainder of the session.

The House, on motion, adjourned until 10 o'clock to morrow morning, pending the motion to reconsider the vote by which Mr. Welches amendment making the *ad valorem* tax on property one fourth of one per cent in lieu of two fifths, was adopted.

HOPEFUL WORDS.

The *Tribune*, from time to time, preaches for white amnesty as well as black suffrage, which is just what Congress is denying to the people South. Here are some nice questions, which we have been propounding in the *Express* for a long time:—

"Who believes that a large class of whites are to be left under the ban for ever? Those disfranchised for participation in the rebellion are inevitably superior in intelligence, in political experience, and even in general ability, to their enfranchised neighbors. Can the pyramid stand on its apex for ever? Do we not need whatever capacity we have? Have we not a right to its freest use? And how can it be said that A. or B. is the choice of his district for Congress or of his State for Governor, if a large portion of the people can neither vote or be voted for? And (in short,) since every one who knows any thing must know that the removal of the existing disabilities is a question of time only, why not settle it at once, and give peace to the country?"

This is well said; but such words are as water spilt upon the ground, as is proved by the action of Congress towards Alabama, Georgia and other States, as we see, from day to day, in the case of Virginia.—*N. Y Express.*

RADICAL SPLIT.—It will be remembered that last summer predications were made that there would be a dissolution of the great Radical party in North Carolina, before a year would pass. From present indications it is coming earlier than was even hoped for them. Gov. Holden is said to be losing popularity with the party, and they are trying to write him into a consulship. Lieut. Gov. Tod Caldwell is too much interested in the general welfare of the people, and especially of Burke county, to suit their idea of a patriot, and the *Standard* the head front of Radicalism is to be overthrown, and an organ of the 'hell' started in its stead. Carpet-baggers are also becoming a stench in the nostrils of those who are not so cute on a job as they, while they are laughing in their sleeves at the gullibility of their dear friends whom they humbugged in aid of the nefarious schemes of fraud and robbery which they have perpetrated upon the honest people of our State. In every department there is dissatisfaction and wrangling. The Treasury perhaps is empty. It is a sort of a Kilkenny affair, and we don't much care which whips.—*Vindicator.*

DISTRIBUTION.—The Commissioner of Agriculture is overwhelmed with applications from all sections of the country for seeds, vines, plants, &c., the result of an erroneous impression that the former system of a general and miscellaneous distribution of common garden seeds would be continued. It would be well for the public to be correctly informed upon this subject at once. Owing to the very small sum of money appropriated by the last Congress "for the purchase and distribution of seeds, cereals, &c.," (being less than *one-fifth* of the amount appropriated by the preceding Congress,) it will be impossible to make any general distribution as heretofore. The very limited amount of seed purchased has been selected in Europe with special care as to new variety and superior quality, and will be distributed through members of Congress, State and County agricultural organizations, and monthly statistical correspondents, and not through miscellaneous and unknown channels. It is therefore useless to apply individually to the department.—*Nat Intelligencer.*

AN EXPLODED THEORY.—An observant friend writes us that the medical faculty have taken some interest in a published report of the singular case of Mr. Daniel Harrison, of Fauquier. This gallant soldier of the Confederate army was so unfortunate while manning an entrenchment in the Shenandoah Valley as to receive a gunshot wound which carried away the left anterior lobe of the cerebrum, which French and a few American physiologists have affirmed to be the seat of reason. His convalescence has been slow; but after the lapse of five years his recovery is pronounced almost entire, and truly wonderful.—He is perfectly rational, and his intellect is not in the least impaired by the loss he has sustained. The results attending his case furnish additional evidence of the fallacy of the French theory, and afford another illustration of the truth, "While there is life there is hope."—*Warrenton (Va) Index.*

A FAITHFUL SERVANT.—Mary Harrison, aged about sixty eight, for many years the slave of Dr. W. G. Thomas, of this city, since the war in his service, died on Friday after a protracted illness. The lives of few persons present such a record of fidelity as was exhibited by his faithful servant. Always obedient and respectful, she had rendered herself most serviceable to the family, to whom she was much attached. The changed relations between her and her former owners made no difference in her conduct, unless an additional desire to please characterized her later years.

Her faithfulness was met with a due appreciation of her merits, and during her late, in health and sickness, she was the recipient of great care and attention. In her last illness she had the benefit of all that skill and kindness could accomplish. Her remains were escorted to the grave by the white members of the family, and by others who knew and appreciated her services, as well as by many of her colored friends.—*Wilmington Journal.*

A difficulty occurred, on Friday last, at Marshall, in Madison County, between W. H. Walker, Stage Driver from this place, and Thomas Nichols, son of James Nichols, of Madison Co., in which the latter was seriously stabbed. Walker is now in jail. Mr. Nichols' wounds, although severe, are not considered very dangerous, and he is slowly recovering.

We regret to state that Mr. A. M. Hawkins, of Hendersonville, was shot, and instantly killed, on Sunday morning last, by Willie, eldest son of Dr. Whitehead. Young Whitehead has delivered himself up to the authorities and is now in jail. A young man, supposed to be accessory to the act, has escaped. We forbear speaking of the cause of this melancholy affair.—*Asheville News.*

Mr. Sweet is what is called a "carpet-bagger" (a Northern man who came to this State since the close of the war,) but he has shown himself to be an honest man and possessing courage enough to oppose the the wild legislation which is squandering the people's money, while natives are favoring the unwise and, in some instances, dishonest schemes.

Unfortunately, Mr. Sweet could not get before his committee certain persons who bribed members by loaning them money, and who left the State as soon as the committee commenced the investigation.—*Chas Democrat.*

Importance of Life Insurance.

Read another forcible illustration of how the CONNECTICUT MUTUAL LIFE INSURANCE COMPANY pays its losses:—

"Received, at Raleigh, N. C., Jan 29th, 1869 of S. D. Wait, General Agent of the Conn Mutual Life Ins Co., two thousand five hundred and fifty five dollars, in full payment of Policy No. 84,051, and dividend on the life of my late husband, ——, and I hereby surrender all my right, title and interest in the same to said Company.
(Signed) ——, of Newbern, N C"

We refrain from publishing the names of the parties, because we do not think it advisable to publish one's private business, but will state, although the party had not been insured quite five months, yet received a 50 per cent. dividend or $25 on the premium paid. The dividends of this Company have been larger than those of any other, averaging over 50 per cent. annually, from the beginning and the present dividend (Feb 1st, 1869,) exceeds the average. On this *twenty-fifth* annual dividend the Directors have, besides declaring a 45 per cent. dividend upon the premium paid, declared a per centage dividend on the surplus reserve arising from interest, which increases the policy holder's dividend annually, and on some policies pays over 70 per cent. this year. They have also adopted a *reduced all-cash premium table* with immediate annual dividends.

This company is purely mutual; there are no *Stockholders* to absorb its earnings. It offers abundant security in a large accumulated fund of over TWENTY-THREE MILLIONS DOLLARS, derived alone from its business, and has $154 assets, safely invested for every $100 of its liabilities. Its plans of business comprise all the desirable forms of insurance.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly remarkable character. Inveterate cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tuberacles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the *Sarsaparilla* as a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of derangement may or may occur, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, uncleanliness, and the depressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In *St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes and Eyes*, and other chronic or visible forms of the diseases caused primarily by the scrofulous infection, the *Sarsaparilla* is so efficient as to be indispensable. And in the more concealed forms, as in *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and other affections of the muscular and nervous systems, the *Sarsaparilla*, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, *Syphilis* or *Venereal* and *Mercurial Diseases* are cured by it, though a long time be required for subduing those obstinate maladies by any medicine. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases* in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our *Sarsaparilla*. *Rheumatism* and *Gout*, often dependent on the accumulations of extraneous matters in the blood, have their remedy also in this medicine. *For Liver Complaints*, torpidity, inflammation, abscess, etc., caused by rankling poisons in the blood, we unhesitatingly recommend the *Sarsaparilla*.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are *Languid, Listless, Despondent, Sleepless*, and filled with *Nervous Apprehensions* or *Fears*, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for *General Debility*, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose fountains of life were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

To the People of the Southern States.

NEW YORK, Nov. 3, 1868.

When the pure medicinal restorative, now so widely known as Wolfe's Schiedam Schnapps, was introduced into the world under the endorsement of four thousand leading members of the medical profession some 20 years ago, its proprietor was well aware that it could not wholly escape the penalty attached to all new and useful preparations. He, therefore, endeavored to invest it with strongest possible safeguard against counterfeiters, and to render all attempts to pirate it difficult and dangerous. It was submitted to distinguished chemists for analysis, and pronounced by them the purest spirit ever manufactured. Its purity and properties having been thus ascertained, samples of the article were forwarded to ten thousand physicians, including all the leading practitioners in the United States, for purposes of experiment. A circular, requesting a trial of the preparation and a report of the result, accompanied each specimen. Four thousand of the most eminent medical men in the Union promptly responded. Their opinions of the article were unanimously favorable. Such a preparation, they said, had long been wanted by the profession, as no reliance could be placed on the ordinary liquors of commerce, all of which were more or less adulterated, and therefore unfit for medical purposes. The peculiar excellence and strength of the oil of juniper, which formed one of the principal ingredients of the Schnapps, together with an unalloyed character of the alcoholic element, give it, in the estimation of the faculty, a marked superiority over every other diffusive stimulant as a diuretic, tonic and restorative.

Those satisfactory credentials from professional men of the highest rank were published in a condensed form, and enclosed with each bottle of the Schnapps, as one of the guarantees of its genuineness. Other precautions against fraud were also adopted; a patent was obtained for the article, the label was copyrighted, a *fac simile* of the proprietor's autograph signature was attached to each label and cover, his name and that of the preparation were embossed on the bottles, and the corks were sealed with his private seal. No article had ever been sold in this country under the name of Schnapps prior to the introduction of Wolfe's Schiedam Schnapps, in 1851; and the label was deposited as the trade mark, in the United States District Court for the Southern District of New York during that year.

It might be supposed by persons unacquainted with the daring character of the pirates who prey upon the reputation of honorable merchants by vending deleterious trash under their name, that the protections so carefully thrown around these schnapps would have precluded the introductions and sale of counterfeits. They seem, however only to have stimulated the rapacity of the pirates. The trade mark of the proprietor has been stolen; the indorsement which his Schiedam Aromatic Schnapps alone received from the medical profession has been claimed by mendacious humbugs; his labels and bottles have been imitated, his advertisements paraphrased, his circulars copied, and worse than all, dishonorable retailers, after drawing off the genuine contents of his bottles, have filled them up with common gin, the most deleterious of all liquors, and thus made his name and brand a cover for poison.

The public, the medical profession and the sick for whom the schiedam Aromatic Schnapps is prescribed as a remedy, are equally interested with the proprietor in the detection and suppression of these nefarious practices. The genuine article, manufactured at the establishment of the undersigned, in Schiedam, Holland, is distilled from a barley of the finest quality, and flavored with an essential extract of the berry of the Italian juniper of unequaled purity. By a process unknown in the preparation of any other liquor, it is freed from every acrimonious and corrosive element.

Complaints have been received from the leading physicians and families in the *Southern States* of the sale of cheap imitations of the schiedam Aromatic Schnapps in those markets; and travellers, who are in the habit of using it as an antidote to the baneful influence of unwholesome river water, testify that cheap gin, put up in schiedam bottles, is frequently palmed off upon the unwary. The agents of the undersigned have been requested to institute inquiries on the subject, and to forward to him the names of such parties as they may ascertain to be engaged in the atrocious system of deception. In concussion, the undersigned would say that he has produced, from under the hands of the most distinguished men of science in America, proofs unanswerable of the purity and medicinal excellence of the Schiedam Aromatic Schnapps; that he has expended many thousand dollars in surrounding it with guarantees and safeguards, which he designed should protect the public and himself against fraudulent imitations; that he has shown it to be the only liquor in the world that can be uniformly depended upon as unadulterated; that he has challenged investigation, analysis, comparison, and experiment in all its forms; and from every ordeal the preparation which bears his name, seal and trademark, has come off triumphant. He therefore feels it a duty he owes to his fellow-citizens generally, to the medical profession and the sick in particular, and to expose the charlatans who counterfeit these evidences of identity and he calls upon the press and the public to aid him in his efforts to remedy so great an evil.

The following letters and certificates from the leading physicians and chemists of this city will prove to the reader that all goods sold by the undersigned are all they are represented to be.

UDOLPHO WOLFE.

I feel bound to say, that I regard your Schnapps as being in every respect pre-eminently pure, and deserving of medical patronage. At all events, it is the purest possible article of Holland Gin, heretofore unobtainable, and, as such, may be safely prescribed by physicians.

The examination has resulted in the conclusion that the sample contained no poisonous or harmful admixture. I have been unable to discover any trace of the deleterious substances which are employed in the adulteration of liquors. I would not hesitate to use myself

ST. VALENTINE'S DAY.—This day, which causes so much fluttering among the young ladies, comes on Sunday this year. For the benefit of our fair friends, we would state that the custom of sending "Valentines," originated many hundred years ago. Saint Valentine was, according to some writers, a bishop, while others insist that he was a presbyter, who was beheaded at Rome, in the reign of the Emperor Claudius, A. D. 270. Historians remark that "he was a man of admirable parts, and so famous for his love and charity, that the custom of choosing Valentines upon his festival, took its rise from thence."

SINGULAR FREAK OF NATURE—A SIAMESE TWIN AFFAIR.—On Friday night last, a colored woman named Catharine Thompson, wife of Andrew Thompson, residing in the neighborhood of Matoaca, gave birth to twins, whose bodies were joined together at the side, the junction extending from a point near the first rib, down to the flith.—Both bodies were perfectly formed, and the children were apparently healthy and born in the fulness of time, but they died at their birth. It is the opinion of a physician who visited the mother some time after her confinement, that the children could have been resuscitated if proper measures had been earlier resorted to. The twins had their arms around each other's waist. This is one of the most remarkable freaks of nature that ever happended in these parts.—*Pet. Index.*

COWHIDING AFFAIR IN WASHINGTON.—*Washington*, Feb. 5.—A personal encounter occurred this afternoon, in the corridor of the Patent Office, between W. H. Dempsey, of the firm of Dempsey & O'Toole, and Samuel A. Duncan, Clerk to Commissioner Foot, of the Patent Office. It seems that in the recently published report of the investigation ordered by the Secretary of the Interior in regard to stationery contracts is a statement prepared by Duncan stating that Dempsey was not worthy of belief, even under oath. Dempsey took this statement to Duncan and asked him if he was the author, and upon receiving an affirmative reply, he vigorously applied a raw hide to Duncan's face and body. The hubbub occasioned by the encounter brought Commissioner Foote and Clerks in the Department to the spot, and the combatants were separated. The circumstance occasioned much excitement among the friends of the respective parties, and it is said that the affair will give the district attorney another case of assault and battery to try.

PERSONAL ENCOUNTERS IN TENNESSEE.—A dispatch from Nashville, Tenn., dated on Friday, says:

A personal encounter took place this morning at the capitol, between Comptroller Blackburn and Representative Brown, who introduced resolutions day before yesterday in the House reflecting on the Comptroller for misappropriation of the Agricultural funds. The charge was without foundation. Brown was soundly thrashed. A difficulty also occurred between Mr. Maltsey, reporter for the *Press* and *Times*, and Mr. Coyle, of the House of Representatives. Coyle was the assailant, but came off second best.

IN THE SENATE, on Thursday, the 3rd inst., a resolution, censuring Senator Robbins, having passed, A. H. Galloway, (colored,) introduced a resolution censuring Senator Sweet. The President decided the resolution out of order. A question having then been raised as to whether the Joint Select Committee on Bribery and Corruption had been discharged, Senator Sweet spoke as follows:—

Mr. President:—If the Committee has not been discharged, I sincerely hope it will be continued. I signed the report requesting its discharge, but I did so by way of assent to the desire of the Committee, and I now regret it. I desire it to be kept alive for the useful purpose of keeping away the vultures who have been preying upon the vitals of North Carolina.

It has been my good fortune, Sir, to survive eleven of the largest and most sanguinary battles of the late terrible civil war—battles in which two hundred thousand men, trained in the use of the most effective arms the ingenuity of men could devise, would contend three and four days for victory.

I have frequently been reminded, in these latter times, of events that used to transpire, during the pendency of those battles, after the shades of night had interposed, and commanded a temporary truce. The bad men of the contending armies, peacefully intermingling in the ignoble work, would rifle the pockets of the dead and the dying. It is that class of men whom I wish to keep away from the war-scarred State of my adoption.

I have a few words to say in reference to the resolution of censure introduced by the Senator from New Hanover. The passage of the resolution will have a two fold effect. Personally, no greater political service could be rendered me, because it would fortify me in the affections of the honest people of North Carolina, regardless of color or condition. Its effects upon the great Republican party, however, would be disastrous. Pass the resolution, and the individual sinks out of sight, under the light of a great principle. Republican triumphs would then have

"Gone glimmering through the dreams of things that were,
A school boy's tale, the wonder of an hour."

I would not have such a blow inflicted on my party, for it has elevated millions of human beings from the low estate of chattelhood into the attitude of man, and the dignity of American citizens, and it is capable of doing more.

Mr. President: I stand in the position of a defender of the imperilled interests of North Carolina, and her generous people recognize me as such. With uplifted shield, I stand over her prostrate, bleeding and war-scarred form, and the Senator from New Hanover cannot reach high enough to drag me down from that lofty and proud position. I hurl defiance at whomsoever may attempt it, and I regard them and their purpose with an indifference, richly mingled with contempt.

I hope, Sir, that some Senator will move for a suspension of the rules, in order that the resolution may be acted upon at once.

HOUSE OF REPRESENTATIVES, }
RALEIGH, N. C. Feb. 9, 1869. }

Mr. Editor:—I see an editorial in the North Carolina *Standard*, reflecting on the *loyalty*, character and integrity of the people of Alamance, in reference to Ku Klux outrages on innocent and unoffending citizens of that county.

I have the honor to represent the law loving and law abiding citizens of the County of Alamance, and cannot, under a sense of justice to my constituents, refrain from resenting these strictures upon their *loyalty*. One or two instances have occurred in the County, where summary justice was dealt out to the evil doers—whether by Ku Klux or an outraged community, I am not advised. One of the cases in question, was a colored man entering the house of an unprotected widow lady, and threatening her with violence. In a few nights afterwards, some hideous spectres visited his shanty and chastised him for the act, the correctness of which he does not deny. The other case, I learn, was for the unlicensed appropriation of articles, over which he had no Constitutional right, and not for voting the Republican ticket, as stated in the *Standard*. If the Ku Klux were to undertake to chastise all who voted the Republican ticket in Alamance, they would certainly have a heavy time, as they unfortunately, have a majority. I deny that the people of my county are disloyal, or that they have not accepted the situation for better or for worse.

Respectfully &c.,
J. A. MOORE.

THE MANAGING WOMAN.—We commend the following truthful and excellent remarks to the attention of our fair readers. As it should be the aim of parents to give their daughters a thorough acquaintance with household management, so it should be the desire of every man who esteems his happiness, to secure such a prize for his companion through life:

"The managing woman is a pearl among women. She is one of the prizes in the great lottery of life, and the man who draws her may rejoice for the rest of his days.—Better than riches, she is a fortune within herself—a gold mine never failing in its yield—a spring of pleasant waters, whose banks are fringed with moss and flowers, when all around is bleached white with sterile sand. The managing woman can do anything; and she does everything well. Perceptive and executive, of quick sight and steady hand, she always knows exactly what is wanting, and supplies the deficiency with a tact and cleverness peculiar to herself. She knows the capabilities of persons as well as things, for she has an intuitive knowledge of character. The managing woman, if not always patient, is always energetic and can never be disappointed into inaction. Though she has to teach the same thing over and over again, though she finds heads as dense as box wood, and hands as inefficient as fishes' fins, still she is never weary of her vocation of arranging and ordering, and never less than hopeful of a favorite result."

Why does the Legislature remain in session so long? It costs the tax-payers of the State about fourteen hundred dollars per day, and as funds in the Treasury are scarce, and there is no business that really requires another week's session, we suggest that the General Assembly of North Carolina dissolve forthwith. The people cannot afford to keep 170 men in Raleigh at seven dollars per day, &c., for such a long time. Is there no way to stop the enormous and useless expense?—*Charlotte Democrat.*

Miss Sophia Howe, daughter of A. B. Howe, a prominent citizen of Springfield, Massachusetts, has been missing since the 30th ultimo. She is supposed to have wandered away during a fit of temporary insanity.

In the United States Court at Knoxville, on Tuesday, Judge Trigg delivered a decision affirming the validity of President Johnson's amnesty proclamation. This is the first decision of the kind since the proclamation was issued.

Henceforth there need be no more idiots, no more weak minded men and women, no more readers of Tupper, no more writers of "Lives of General Grant." Everybody's brain can now be developed at pleasure to any desired extent. Electricity is the agent that is to accomplish this great work, and Doctor Poggioli is its prophet. He has recently lectured before the French Academy of Medicine on the subject of electricity as a brain developer, and has described a series of experiments recently made by him while investigating the subject. He experimented on a small boy whose parents were naturally entirely willing to sacrifice him in the cause of science, and by repeated shocks of electricity developed his brain to the extent of three centimetres in a few months. The Doctor claims that he can expand a brain no larger than that of Gen. Legare to the size of that of Bismark in the course of two or three months, and he urges the adoption by the French government of his electric brain developer in all the schools and colleges of France. By all means, the Doctor ought to visit America. There is a grand field here for the exercise of his benevolent powers. Let him begin with the members of our national legislature.—Nothing has yet been able to shock them sufficiently to induce them to attend to their duties, and there has been a general conviction that nothing short of a stroke of lightning could materially improve them. Dr. Poggioli can help them if any one can, and we are anxious to have him try his electric developer on what the Radical members are pleased to regard as their brains.—*N. Y. World.*

We hope the Doctor will make haste in his visit to this side of the Atlantic—his services are needed right here in the city of Raleigh—there never assembled so small an amount of *brains* in our legislative halls, as at present.

A FORTY THOUSAND DOLLAR BREACH OF PROMISE CASE.—The notorious Vreeland breach of promise case came up for trial in the Hudson county Supreme Court this forenoon. The complainant, Mary Ann Harrison, sues George Vreeland to recover $40,000 for breach of promise of marriage. The plaintiff is a middle aged widow, and the defendant a gray-haired wealthy widower, over eighty years of age, one of the numerous Vreeland family which has lived on the neck of land leading into Newark bay, since the days of the original Dutch settlers, from whom the family descended. The case excites unusual interest, and the court room was filled with spectators and witnesses.—*N. Y. Post, Feb. 3*

In Norfolk, Va., dried fruits, potatoes and other edible vegetable matter; corn, oats, wheat, seeds, &c., are sold by weight, an ordinances having been passed to compel their disposition in this wise. The rule of selling by weight insures to the purchaser a much more equitable return for the money paid than that of selling by measure.

A dispatch from St. Paul says: The latest news from the Red river settlement represents that the distress among the settlers has not been exaggerated, and that serious apprehensions are entertained that there will be many deaths from starvation, and diseases engendered by insufficient food, before the close of the winter.

FROM VENEZUELA.—*Havana*, Feb. 5.—Late Venezula papers contain the following:

The vomito is still prevalent at Carracus. Count Barthemi de la Ville, Italian Charge d'Affairs, died of it.

The great majority of the people prefer Ruberto Monagas for President.

The Young Men's Christian Association of Chicago have commenced an action of assumpsit against Max Strakosch to recover $400 as rent for the use of Farwell Hall.

CHARLES' LONDON CORDIAL GIN,
Or Pure Liquor of Juniper Berries,

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

WASHINGTON, Feb. 9 P. M.

During the contest over the suffrage amendment to the Constitution, Mr. Vickers offered an amendment looking to the exercise of the elective franchise of those who are now excluded by reason of participation in the rebellion, which was rejected by the following vote: Ayes 21, Nays 32

Those voting in the affirmative, were: Messrs. Bayard, Buckalew, Davis, Dixon, Doolittle, Terry, Fowler, Grimes, Harlan, Hendricks, McCreery, Norton, Patterson of Tennessee, Ramsey, Ries, Robertson, Sawyer, Trumbull, Van Winkle, Vickers and Wilson.

The Constitutional amendment as it finally passed the Senate reads: "No discrimination shall be made in the United States, among the citizens of the United States, in the exercise of the elective franchise or in the right to hold office in any State on account of race color, or nativity, property, education or creed. The vote was 40 to 16. It now goes to the House for concurrence.

CONGRESS.

WASHINGTON, Feb. 9, P. M

HOUSE.—Kerr spoke in opposition to the postal Railroad to New York. He said that the system would soon extend to Telegraph, Insurance and Canals, creating the necessity for new Bureaus and departments, with them would come a fearful multiplication of officers and clerks and increasing swarms of corrupt infamous men, land thieves, subsidy beggars, swindlers, villainous contractors, operators, and speculators, as such characters would command if they did not fill seats in the House of Representatives.

This bill was the only pioneer with which to break down the constitutional barriers, and to inaugurate a new policy.

An amendment forbidding the road to connect with other roads now built, passed.

Several amendments to the Consular appropriation bill were rejected.

Paine gave notice that he would to-morrow, call up the bill for the relief of political disabilities, reported by him from the Reconstruction Committee.

The House then went into a Committee of the Army appropriations, and took a recess.

SENATE.—The day was devoted to the suffrage amendment, and is still in session.

Office of the Company, at present, at the store of W. H. Jones & Co., Raleigh, N. C., where the officers may be found.

This Company is now ready to receive applications for insurance, on the mutual plan, and to issue policies. This scheme is fully explained in a circular addressed to the people of North Carolina, to which special attention is called. It can be had by addressing the Secretary, or from our Agents. It is believed that our mutual plan offers inducements to the people at large, not equaled by other Companies.

The Company has issued a Prospectus to raise a Capital Stock to enable it to take Life risks on the Stock plan. When this is done, the Company will offer a very superior scheme of Life Insurance on this plan.

We want Agents in every city, town and village in the State. The Company will be managed with the strictest economy and efficiency, for the benefit of the insured and all interested.

We must build up our home institutions and, as far as possible, keep our money at home to promote home enterprise, home industry and prosperity.

COME TO

For Ladies' Goods! For Gentlemen's Goods! For Misses' Goods! For Boys' Goods! Ditto for Children!

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but STOP. LOOK OUT! **HANDS OFF!** and show your good judgment by
